PROJECTS

BLIND EFFORT - Team Developed Web App
Vue, Vuex, Node, Postgres, Webpack - https://blindresume.seewilsoncode.com

Application that helps eliminate bias in the hiring process
- Built front-end and user authentication using Auth0
- Collaborated well with team using Github, Trello, Slack
- Prototyped and designed with Adobe Experience.

FAIR ENOUGH - Personally Developed Web App
React, Redux, Node, PostgreSQL - https://fairenough.now.sh

Mobile-friendly application that allows users to share expenses with anyone
- Implemented Material UI
- Used complex SQL queries to make multiple transactions per call
- Won runner-up for "Best Overall / Most Shippable App" in my DevMountain Cohort

SYMBOLIST - Personally Developed Web App
React, Sass, 3rd Party API - https://ttluan411.github.io/Symbolist

Application that allows users to check stock prices and create watch list
- Integrated 3rd party API and library Moment.js to calculate 1yr-return for each stock
- Built this app in two days using HTML, Sass, React, and Javascript

WORK EXPERIENCE

EXECUTIVE ASSISTANT
K & L Auto | Dec 2016 - Jun 2017

- Managed company's website and ad postings
- Coordinated executive communications, including taking calls, responding to emails and meeting with clients

INSURANCE INTERN
WoodmenLife | Jun 2016 - Sep 2016

- Established and maintained customer relationships
- Helped identify customer needs, and market appropriate products and services.

EDUCATION

FULL STACK IMMERSIVE WEB DEVELOPMENT
DevMountain | 2017

BACHELOR OF BUSINESS ADMINISTRATION IN FINANCE
University of Hawaii at Manoa | 2013 - 2016
